Dear Mr. Curtis:

On June 18, 1998, we approved your Plan of Operations for milling and stockpiling activities on your Dolomite 1-3, 10-12, and 23-26 mill sites located in T. 1 S., R. 7 W., Section. 25. On July 2, 1998, we received your request for a 90-day extension of time to complete item 5 of our approval, in which Chemical Lime Company is required to remove any stored debris or inoperable equipment from the mill site, including broken-up steel and concrete, pieces of steel stored for future use in the construction and modification of the adjacent mill facility, and trash, wood, and other assorted junk.

Your request for a 90-day extension of time is hereby granted. All of the subject material and debris must be removed from the subject mill sites by October 22, 1998.

Thank you for your cooperation. If you have any questions, or require additional information, please, feel free to contact Michael Ford of my staff at (801) 977-4360.

Sincerely,

/s/ Margaret Wyatt
